## Telephone and Online Services during the Lockdown

As the lockdown continues to prolong with the increasing cases of COVID -19 infection, the Bhutan Narcotics Control Authority (BNCA) would like to reassure the continuous telephone and online services to our clients, and the general public in relation to substance abuse and the related issues. We shall also facilitate the detoxification services and Nicotine Replacement Therapy (NRT) services from our head office. For all those clients who are registered with us for treatment and counselling, and also for those who wish to seek our services, please contact the following numbers:
